Thank you, Conference Sponsors, for investing in the continued professional development of Texas Court Clerks.

EXPAND ACCESS TO JUSTICE

Sometimes defendants can't make it to court because they live in another city, don't have adequate transportation, can't find childcare, or can't take a day off of work. Virtual Court can change that by providing the flexibility to conduct a hearing from anywhere, helping to reduce failures to appear, increase compliance, and avoid potential case backlogs for your court.
